

By: _____

1.- Choose the right measurement unit:

- A big plastic bottle length:
- A big full plastic bottle weight:
- A big empty plastic bottle weight:
- A big full plastic bottle volume:
- A big empty plastic bottle volume:
- A mountain length:
- Distance among two cities:
- Volume of a thimble:

2.- What's the time? **Follow the same pattern:**

1. It's one o'clock

3. It's quarter to seven

5. It's quarter past eight

2. It's quarter past five

4. It's half past twelve

6. It's twelve o'clock

3.- Draw the times **following the same pattern**:

17:05

21:30

03:35

18:50

01:20

22:45

06:15

10:10

12:00

23:55

4.- Calculate:

- Ann starts her classes at half past seven at university.

She has a break at eleven o'clock of thirty minutes.

And she studies three more hours.

When does she finish her classes?

- Ann's brother starts his classes at quarter to nine at university.

He has one hour break at quarter past twelve.

He studies one hour more.

When does he finish his classes?
